

CUSTOMER INFORMATION GUIDE

August 2023

Welcome to HashX Mining

After we established in 2021, we have become the go-to source for ASIC mining hardware here in Australia. We now offer a wide range of products and services to help you succeed in the crypto mining space which we are constantly expanding.

Whether you're a seasoned pro or just starting out, we've got everything you need to start or scale your crypto mining operation. From Antminer to Whatsminer, we offer a wide range of reliable and cutting-edge ASICs to meet your needs. In 2023 we are launching some of the biggest projects we have undertaken so far and are proud to support the expansion of mining here in Australia.

At HashX Australia, we're excited to partner with Fog Hashing to offer at home and industrial scale immersion cooling systems. Adding to that we are expanding our services into Crypto Tax consultancy and offering a OTC FOREX through our partners.

Thank you taking to time to explore more information about our offerings - we look forward to helping you to mining success!

Patrick Kelly
Director

ASIC Miners

- On ASIC pricing and service, we won't be beaten!
